## Wilton, Weber in but for how long?

Don Amundsen, Mabel Lou Weber and Bob Wilton were sworn in as trustees of the village of Antioch, May 2, at the regular board meeting but the length of time they will spend in office may still be unknown.

Amundsen will serve his four elected years since a discovery of two of Antioch's precincts, requested by his opponent Bill Seemann, resulted in Amundsen's gain of two votes, giving him a four vote edge over Seemann.

Wilton vacillated when he announces his intentions going from "I suppose I will resign," on Saturday, April 30 to, "I have no plans to resign now and I don't know if I will resign later," on Monday, May 2.

No matter what, and despite the fact that it has been done in the past, now that the law and the conflicts have been brought out into the open, it is hard to see how a state statute can be blatantly violated.

Whether or not Weber and/or Wilton will resign because of their income conflict with the state statute that forbids even indirect connections with the sale or serving of liquor, remains to be seen.

If either or both Wilton and Weber resign, their replacements will be appointed by Mayor Ray Toft. Seemann, who is the next highest vote getter has been mentioned as a possible replacement.

## Must return money

### Fortins put on probation

Larry and Terri Fortin, Trevor, both of whom pled guilty without going to trial to several charges of forgery and theft committed against the Antioch Savings and Loan in 1982, received two and one-half years probation from Lake County Judge William Block.

On Thursday, May 5, Block sentenced the married couple to also make restitution of \$9,061 to the financial institution. They both also were fined \$500 apiece and ordered to pay court costs, estimated at \$280 apiece.

James Swiatek, president of the savings and loan, commented that he did not know where the court arrived at the restitution figure since all the checks involved have not

as yet been recovered.

When asked if he was satisfied with the sentence he answered, "You can't argue with the courts."

The two were arrested in January having turned themselves into the Antioch Police Dept., after the savings institution had discovered that Terri, who was employed there, had been depositing checks written on her husband's company and intercepting them at the bookkeeping level before they were cashed.

She then switched money from other accounts to cover the deposit sometimes made by her husband.

# Public voices support of Fox-Chain Act

by MEL KNIRSCH

A majority of those attending a public hearing of

the Chain O'Lakes-Fox River Commission hearing held at the Fox Lake Village

Hall on April 30, voted in favor of introducing a bill to create the Chain O'Lakes-Fox River Waterway Management Act.

House Bill 1778 is being sponsored by Representatives Dick Klemm (R-Crystal Lake), John Matijevich (D-North Chicago) and Robert Churchill (R-Lake Villa). Both Klemm and Churchill attended the hearing.

The meeting, chaired by State Senator Jack Schaffer (R-Cary) was held for the purpose of gaining input from those interested in the Chain O'Lakes area. Among those expressing views, both pro and con, were representatives of waterfront associations, yacht clubs, commercial establishments, concerned property owners, and local government bodies.

A main subject of discussion was that part of the bill which provides for

user fees. While some speakers felt that the boaters are already a main source of income for the area, others voiced the opinion that the expense of the clean-up of the resulting debris and environmental damage should not be born by individual waterfront property owners or by taxpayers in general.

Several of those present spoke in opposition to further dredging in the Chain. According to one speaker, the area dredged in a recent \$50,000 project had filled in completely by the following year. Another speaker suggested that it is useless to spend more money in trying to make the Chain deep enough to fit even larger boats.

It was suggested that when any money becomes

available, it would be better spent on silt prevention methods such as wing dams

now in use on the Mississippi.

Some members of the audience wanted to know why the state couldn't continue to supply money to manage the Chain.

County Board Member Howard (Bud) Scott of Lake Villa voiced opposition to the plan saying that what is needed is more effective state legislators and division of waterways and not another new agency.

Also present was Dist. 4 County Board Member Donna Mae Litwiler of Ingleside, but she did not voice an opinion.

Mickey Hartley of Arlington Heights told the hearing that out-of-town boaters are already bringing a lot of money into the region and it is unfair for them to pay additionally for the upkeep of the Chain.

Don Costa and Pat Dismore of the Fox River

Front Assn., which represents 90 subdivisions up and down the Fox River, voiced their association's support of the proposal.

In all, over 50 interested residents and businessmen turned out.

Schaffer pointed out that cut-backs are being made in all areas of government including conservation. In fact, the conservation department is in such financial straits that consideration has been given to closing the state parks two days a week.

The hearing, which began at 10 a.m., was adjourned shortly after noon. The final order of business was the vote of those present. The vote was two-to-one in favor of holding a referendum in the member counties to establish the Chain O'Lakes-Fox River Waterway Management Agency. The proposition will tentatively be placed on the ballot at the general primary election in 1984.

## Christian choral sets concert

The Chicago Master Chorale will be presenting a repertoire of great sacred masterworks in concert at the Antioch Evangelical Free Church, Sunday, May 15, 6:30 p.m.

Under the direction of Richard Dinwiddie, the chorale ministers to a broad spectrum of people through distinctly balanced and sensitive programming. According to Dinwiddie, founder of the chorale, "We do not do great music merely because it is great, but because it best helps achieve our goals. It is 'not art for art's sake, but art for Christ's sake'."

Dinwiddie, music director and conductor, is visiting professor of church music at Trinity Evangelical Divinity School, Deerfield, and contributing editor in music for "Christianity Today" magazine.

He also writes for "Moody Monthly." Dinwiddie has

taught at the Cleveland Inst. of Music, Case Western Reserve University, and Trinity College.

Dinwiddie is an ordained minister and is currently Pastor of Sacred Music at the Winnetka Bible Church.

The Chorale members are of diverse professional backgrounds and perform without remuneration. The Chicago Master Chorale is supported solely by the gifts of concerned individuals and there is no charge for the concert.

## Haley finally to go to court

A calendar call on Friday, May 6, in the West Palm Beach Courtroom of Judge Richard Burk, resulted in a past pending call for William Haley, Antioch, and James Amoroso, McHenry, to appear for trial on marijuana trafficking charges.

Both the defense and the prosecution, now being handled by Assistant States' Atty.

Michael Morgan, will have to appear for trial one hour after they are called, anytime after court convenes on Monday, May 9.

The trial may be on Monday, Tuesday etc. and the prosecution will charge both men with drug importation in connection with the West Palm Beach Drug authorities' confiscation of a plane that contained \$476,000 worth of marijuana, in April 1981.

## Board revamps committee, changes meeting times

Antioch's village board meetings will begin a half-hour earlier, with committee meetings to be held both before and after the regular meetings.

That decision was approved by the board May 2, which includes new members Robert Wilton, Don Amundsen and Mabel Lou Weber.

Mayor Ray Toft recommended the change, saying that a committee meeting on old business would be held from 7 to 7:30 p.m., followed by the board meeting. A committee meeting on new business would be held after the board meeting, "and that would give the board two weeks to research and think about new business before a decision would be made," he said.

He added that the board will switch to full board committees with a chairman and co-

chairman of each committee. The board had previously operated with a three-man committee. He said he will make his committee appointments at the May 16 board meeting.

Before the new board members were sworn in, the old board heard that Community Development Block Grant funds have been awarded, including \$50,000 to Channel Lake; \$86,952 to the village for storm sewer construction and \$10,000 for sidewalk construction for public housing.

The board approved a new street light on North Ave. in front of the VFW building; decided to contract with Protection Unlimited, Lake Villa, for mosquito protection, and rejected all bids on the painting of the water tower, since some of them didn't conform to specifications.

## Students visit Crane, talk about landfill

Seventy-four Antioch Upper Grade School students attended a "town meeting" held by Congressman Phillip Crane (R-Mt. Prospect) at Harper Junior College in Palatine.

Purpose of the Antioch students attending the meeting was to advise Crane on their feelings regarding the Antioch landfill situation, and to see his assistance in solving the problems.

Speaking for the student group, Becky Butenschoen

outlined the problems, expressing the anxiety felt by the students. Further questioning about landfill and waste disposal was made by Martha Miles, Richard Jablonski and Todd Gedville.

In response, Crane said he had recently become aware of the problem and expressed concern for the health of Antioch residents.

Crane said he would contact William Ruckelshaus, who was recently appointed director of the Environmental Protection

Agency, and that he would also contact Gov. Thompson and other state officials.

Educationally the "town meeting" provided students with personal contact with their elected representative. The contact increased their knowledge of how government should work and brought to life the theoretical knowledge learned in the classroom.

The meeting also demonstrated the students ability to conduct themselves with poise and confidence in public.

## The Time Machine

FIFTY YEARS AGO: May 11, 1933

Antioch hosted a program at which state fire officials appeared, a parade, baseball game, fire demonstrations and fire runs were planned in the annual Lake County Firemen's Convention.

Plans to host 400 firemen were made by Frank Huber, Richard Allner, Louis Shultis, Clarence Shultis and John Horan.

Antioch Township High School instituted a 15 percent salary cut for Principal L.O. Bright. The rest of the staff received 10 percent pay cuts.

License fees ranging from \$25 to \$200 for beer dispensaries were included in an ordinance passed by the village board. Closing time for taverns was set at midnight every day of the week.

Spirit of Progress, a seaplane setting out to break world flying records, was to fly over Antioch piloted by W.M. Solberg. Paper model planes were to be dropped while the plane passed over. Permission was granted by village officials.

The Antioch Cafe reopened under new ownership. New proprietor was Gus Mantis, formerly of Pontiac, Mich.

Antioch Township Supervisor William Rosing accompanied Sheriff Lester Tiffany and supervisors Homer Cook and Percy Gustafson on a tour of Lake County beer taverns.

THIRTY YEARS AGO: May 14, 1953

Plans were announced for Lindenhurst Farms, 500 acre development east of Lake Villa, purchased by N.H. Engle and Sons Inc. to be subdivided into 1,800 lots.

Owner of the property was Mrs. E.A. Siebel. Sale price of the farm was near \$500,000. New homes were expected to be built at a rate of 150 per year.

Frank H. Just, 81, publisher of the Waukegan News-Sun and Libertyville Independent-Register died at Lake Forest Hospital where he had been taken for an emergency operation for appendicitis.

For the second time, a proposal for a tax increase in the Grass Lake School District was voted down. The vote was 80 for and 82 against with three spoiled ballots. The sought increase was from 41 cents to 71 cents per \$100 assessed valuation.

Bell Telephone announced that recent additions in equipment in the central office, 117 E. Church St. have increased the Antioch telephone system's capacity by 150 telephones. Approval was also given for a multi-thousand dollar project involving addition of 916 miles of wire in cable on the west and southwest portions of Antioch.

The cable network would result in adding 20,710 feet of aerial and buried cable on both sides of Cemetery Rd. Antioch's telephones have doubled since 1945 when there were 1,410 in use.

TEN YEARS AGO: May 9, 1973

Robert Wilton was sworn in as mayor of Antioch by Village Clerk Marilyn Sterbenz.

Wilton said he plans to take positive steps toward adequate flood and mosquito control, to apply for state and federal funds as soon as they become available, to secure adequate off-street parking, improve garbage pickup and industrial development.

## Memory Lane

## Along the way with ANNIE MAE

I hear that St. Stephen Lutheran Church will be presenting its first annual spring concert, from 2:30 to 4 p.m., on Sunday, May 15.

The concert will be held at the church on the hill at the intersection of Rtes. 59 and 173.

The fifth grade class at the W.C. Petty School want their teacher Lynn Wetterberg to know that they miss her and hope she will be back with them shortly.

She is recovering from kidney stone surgery.

One of Lakeland's finest, Jean Rybicki of the Antioch News office, received an honorable membership in the Northern Illinois Conservation Club and the 885 Civic Club for all her cooperation in getting their news releases in print, at a banquet at the Country House on Monday, May 2.

The condition of old Annie Mae's bank account will have her sitting in the front row of the Antioch Chamber of Commerce and Industry's seminar which will feature economic forecaster Gary Meyers, at the Windjammer Restaurant, on May 12.

Congrats to Sue Lamar of Antioch who was the winner of the grand prize, a microwave, at Lakeland Newspapers' Home Show '83.

Not only were the recipes for the food cooked by the homemaker out of this world, but those darling clothes from the Factory Fashion Outlet in Lindenhurst were really sharp especially at such low prices.

Mr. and Mrs. Fred Ziehen tell me that their son Nick is all set to be one of the 57 new students slated to invade Monmouth College, Monmouth, next fall.

I couldn't imagine why the police department was fingerprinting many of the local children last week. Lt. Tom Fisher told me that this was a program sponsored by the Lake County Sheriff's Dept., wherein children who volunteered and had permission from their parents were fingerprinted.

The prints were then given to the parents for safekeeping just in case, God forbid, any of the children might meet with foul play at anytime. The prints will be a definite means of identification.

## Big changes brewing at DJ's Fitness Center

A trip to the annual fitness trade show in Las Vegas has provided inspiration for Dan Sterbenz and DJ's Fitness Center and Antioch Bowl complex.

Antioch Bowling Alley has been growing every year for the last five years with another addition being added next month to DJ's.

While in Las Vegas, Sterbenz observed the newest state of the art fitness training. DJ's will be adding two new exercise floors,

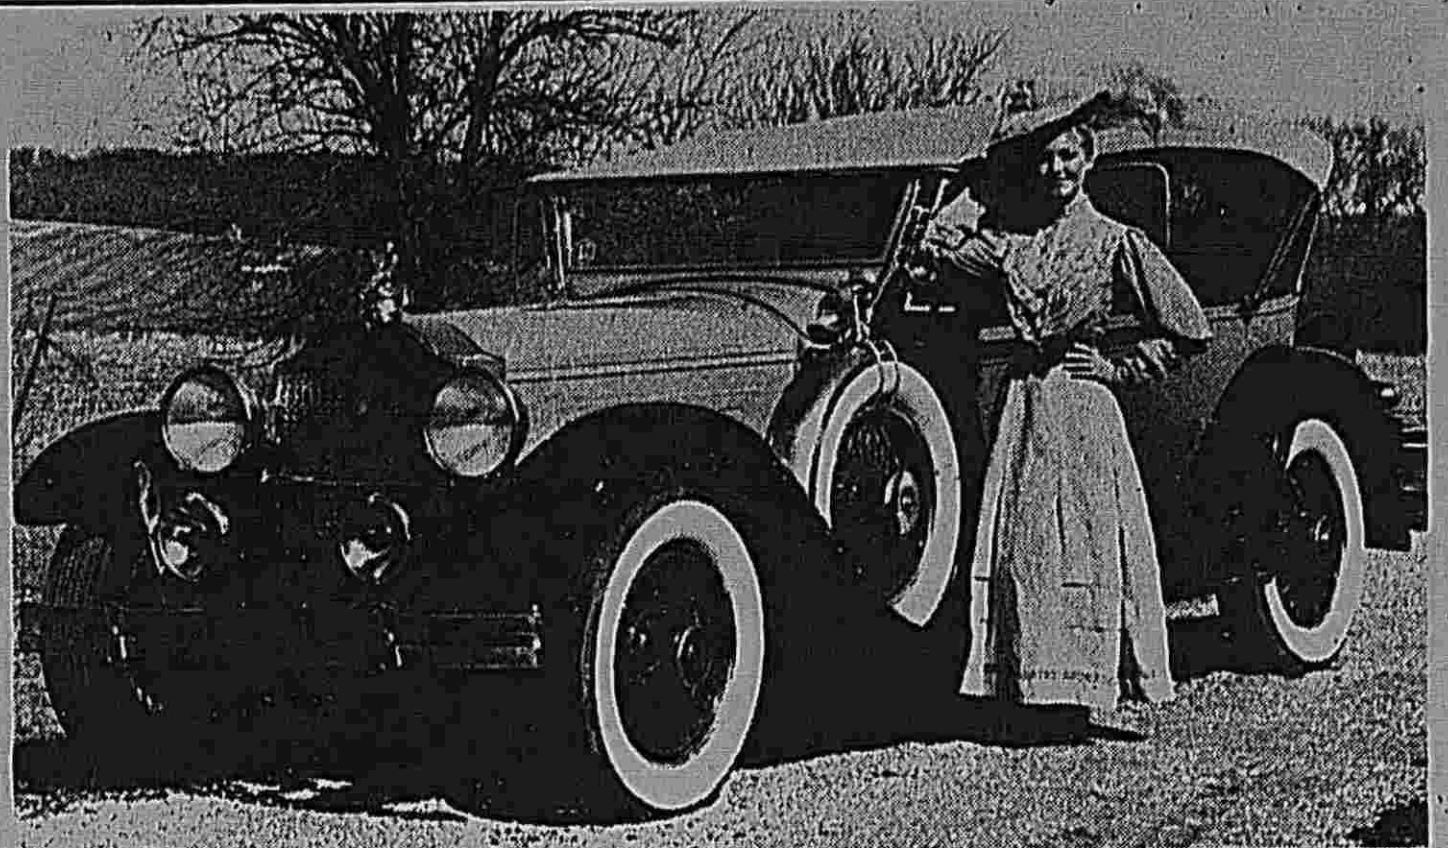

doubling the size of the women's club and a complete free-way training room will be added, giving DJ's over 4,000 square feet of fitness and suntanning equipment and exercise floors.

DJ's has also been offering free introductory offers and in conjunction with that, has given away a free trip to Las Vegas, won by Agnes Goigano of Antioch.

As part of the celebration of the opening of the newest addition, DJ's celebrated by

having a promotional two for one plan with free drinks and hors d'oeuvres. The band Night Beat and the Comedy Deviation Group from Chicago also were a smashing success with over 250 people attending.

During construction of the newest exercise floors, DJ's is extending an invitation to all of those holding current membership with any other health club. They will honor your membership for those who join DJ's for one year.

## Antioch spellers to vie in NWSC spelling bee

Students from the eight high schools of the Northwest Suburban Conference will be competing in a spelling bee at Wauconda High School Thursday morning, May 12, to find the high school spelling champions of the area. Spectators are welcome at the bee, which will take place from 10 a.m. to noon in the music room.

Each school will send five top spellers to the bee. Competition for making the teams varies. Pat Gessert of Wauconda, head of this year's bee, says that

Wauconda students participate in the Multiple Sclerosis Spelling Marathon and the top spellers in the contest work together as a team. John Davis of Warren holds a spelling bee open to all student volunteers.

This year's caller, Elmer Teenog, will be using a modified cross country track scoring system. Under the system the team with the fewest points wins. The top individual speller and the top team will win prizes. All team members will receive certificates of participation.

Coaches of the participating teams are Wendell Schwartz of Stevenson; Bonnie Warren, Lake Zurich; Dan Christensen, Round Lake; Marty Swanson, Grant; Virginia Hawes, Grayslake; Janice Hoenicke, Antioch; John Davis, Warren; and Pat Gessert, Wauconda.

### AGING & DENTURES

Q: Does aging effect the ability to wear dentures?

A: Aging is a biological rather than a chronological process and individuals differ in this. If the person is in good health, mouth tissue will reflect it and he/she is less likely to have difficulty wearing dentures than someone else who is physically inactive and in declining health and a depressed frame of mind. That person may be unable to tolerate even technically well constructed full or partial dentures simply because his/her mouth tissue is not in good condition.

Older people who live lives of no purpose or joy, and who are quite isolated socially, are far more likely to suffer from a lack of body water, a change in saliva flow causing dry mouth and a weakness of facial muscles. Inadequate nutrition is another factor. All of these can contribute to an inability to wear dentures.

Antioch's Little League teams opened their season May 8 in cold, but sunny weather.

In the first game, the Orioles won over the Tigers, 7-2 with some no-hit pitching by Kyle Christensen and Scott Waters.

Jason Malicki started things off with a single that brought in two base runners. Duane Buttenschoen then had two good hits. Scott Waters scored a run on a passed ball.

In the second game, the Yankees defeated the Astros, 9-3.

In the day's third game, the Cubs defeated the Dodgers, 4-1. Cub pitchers were Billy Wons, Matt Kruczek and Brendon Hannigan.

Chris Parker doubled, driving in the second and third runs of the game and Lance Brown had an unassisted double play for the Cubs. Bill Letkey pitched the whole game for the Dodgers.

In the fourth game, the Giants won over the Cardinals by a 9-8 score. Pitching for the Giants were Chris Vanderwhel, Ryan Tomaschik and David Shepard. The winning hit of this close game was made by Paul Welsh.
